For

Four Year BA-JMC (Honours) in Media Studies

(For the Session – 2024-28)

(According to NEP-2020)

BA-JMC (Honours) in Media Studies

**Haridev Joshi University of Journalism and Mass Communication,
Jaipur**

92

About the Programme:

BA-JMC (Honours) in Media Studies: The duration of this programme is Four years. During these Four years, the students will become acquainted with key aspects of mass communication and the media and will study other important subjects. Adequate training will also be given to them to enhance their skills. The curriculum comprises of fundamental concepts of traditional print media, radio, TV, photography, web/online media, social media, media management, advertising and public relations. It also includes creative experiments and innovations taking place in the fields of news, communication, and information technology. In this graduation programme, students will hone their writing skills and will also understand reporting and editing techniques. We will take extra efforts to teach visual expressions of the camera and also to improve their language especially the usage of words. Considering the needs of the media industry, students will get technical knowledge of media devices such as cameras, mic, computers etc. and practical training will be given to teach them various editing techniques and presentation styles. The university will provide all the required facilities for this.

Keeping in mind the interdisciplinary nature of this course, we intend to develop our students' understanding of core subjects such as Indian and World History, Society, National and International Politics, Development, Economy, Law, Environment, Culture, Gender Studies etc. This programme would prepare a fundamental base and background for various postgraduate Journalism and Mass Communication programmes. The curriculum is greatly beneficial for those students who wish to plan their careers in journalism or other media-related professions and want to pursue higher studies and research in the field of mass communication.

Admission and other general provisions

As per the admission policy of the university

Level: 6

Duration: 4 Year (8 Semesters)

Seats: 30

Minimum Qualification for Admission: Senior Secondary from Recognised Board or Equivalent Examination Passed.

*Relaxation as per the admission policy of the University.

Medium of instruction of the program

English and Hindi

Program Fees

As per university rules

Admission and other general provisions

As per the admission policy of the university

Mobility option and credits transfers

Yes

Minimum 160 credits required in 8 semesters for obtaining the degree of **BA-JMC (Honours) in Media Studies**

Duration of the program

Minimum 4 years

Course Registration

As per the provisions of the university

Power to Relax and Amendments:

As per University rules

1. Removal of Student Name from the program: As per the provisions of the university
2. Attendance rules: Minimum 75% required
3. Program Structure

Lateral Entry- NA

Name of the Program: Four Year BA-JMC (Honours) in Media Studies

DCC-Discipline Centric Course

DSE- Discipline Specific Elective

AEC-Ability Enhancement Course

SEC- Skill Enhancement Course

GEC-Generic Elective Course

VAC- Value Added Course

CEE- Community Engagement Experience

IOJ-Internship or On Job Experience

CGPA- Cumulative Grade Point Average

SGPA-Semester Grade Point Average

Academic Year - 2024-2028

Choice Based Credit System – Yes

Credits – Minimum 160

Credits Based Semester System – Yes

Award of Degree and Grading:

1. In any of the Academic Programs of the University leading to an award of the Certificate/ Diploma/Bachelor degree / Post Graduate Diploma/ Master degree shall be based on (a) Choice Based Credit System, (b) Semester System, (c) Multiple Entry and Exit, (d) Grading System, (e) Internal Assessment/Continuous Assessment (IA/CA) and External Assessment/End of Semester Evaluation (EA/EoSE), in to as well as for each of the educational component of an Academic Program called a course.

2. To pass a course, a candidate shall have to score 40% marks in its each component i.e. IA/CA, EA/EoSE etc.
3. In each course 70% weightage is given to EA/EoSE and 30% weightage to IA/CA.

4. Award of 4 Year BA-JMC (Honours) in Media Studies Degree:

To pass Four Year (Level 6) BA-JMC (Honours) in Media Studies, a student is required to earn 40 credits of Level 4.5, 40 credits of Level 5 and 40 credit of Level 5.5 which shall include earning 60 credits of DCC (Compulsory) courses in chosen discipline, 4 credits of AEC, 8 credits of SEC courses and 48 credits from elective courses of any type including DSE of chosen discipline, DCC or DSE of other disciplines, VAC, GEC. In addition 40 credits of level 6 including 20 credits of DCC (compulsory) course in chosen discipline (Media Studies) are needed.

5. **Grading:** Ten Point Scale for Letter Grades and for non-letter grade courses Satisfactory or Unsatisfactory shall be indicated. Letter Grades shall be counted for the computation of SGPA/CGPA. However, for Add-On courses, non-counting of letter grade sin SGPA/CGPA may be permitted.

Letter Grade		Grade Point	Marks Range	SGPA/CGPA
O	Outstanding	10	90% - 100%	9.50 to 10.00
A+	Excellent	9	80% - 89.99%	8.50 to 9.49
A	Very Good	8	70% - 79.99%	7.50 to 8.49
B+	Good	7	60% - 69.99%	6.50 to 7.49
B	Above average	6	50% - 59.99%	5.50 to 6.49
C	Average	5	45% - 49.99%	4.50 to 5.49
P	Below Average / Pass	4	40% - 44.99%	4.00 to 4.49
F	Fail	0	< 40%	
U	Unfair Means	0		
W	Withdrawn	0		
X	Absent	0		

6. Computation of SGPA and CGPA

- (a) To determine the grade, marks obtained both in EA/EoSE as well as Internal Assessment/Continuous Assessment (IA/CA) shall be considered.
- (b) The percentage of marks will be converted into whole number. When the percentage is in fraction, is greater than or equal to 0.50 is considered as 1 (one). For example, if percentage is 69.45 then it will be considered as 69, but if the percentage is 69.50, it will be considered as 70.
- (c) Semester Grade Point Average (SGPA) indicates the performance of a student in a given Semester. SGPA is based on the total credit points earned by the student in all the courses and the total number of credits assigned to each course in a Semester.

(d) Grade will be awarded according to the method given below:

Credit Point earned for the Course = No. of Credits Assigned to the Course X Grade point secured for the Course

SGPA (Semester Grade Point Average) = Total credit points earned by a student in a Semester ÷ Total credits assigned for that Semester

CGPA (Cumulative Grade Point Average) = The total number of credit Points earned in all Semesters ÷ the total number of credits assigned in all the Semesters

SGPA and CGPA shall be rounded off to 2 decimal points.

For Example:

Course	Credit	% Obtained By Student	Grade	Grade Point	Credit assigned X Grade Point = Credit points earned
BA-JMC-101	6	74	A	8	6X8=48
BA-JMC-102	6	58	B	6	6X6=36
BA-JMC-103	6	67	B+	7	6X7=42
BA-JMC-104	6	70	A	8	6X8=48
	24				174

Semesters	Total Credit	Credit points earned in the semester
Semester I	24	174
Semester II	24	156
Semester III	24	162
Semester IV	24	144
	96	636

SGPA = $174/24 = 7.25$

CGPA = $636/96 = 6.62$

7. There will be no supplementary/ due paper/ special examination for any course. The candidates can improve performance in the respective subsequent(even/odd) EA/EoSE and performance in the next appearance will over write earlier performance. Student will have to prepare on his own for improvement. Chance of improvement in IA/CA will not be permitted.

8. Conversion of CGPA to Percentage:

To convert CGPA to percentage the CGPA be multiplied by Ten. Thus CGPA of 6.62 will get converted to 66.2%. Because of the grading system, the percentage calculated on the basis of conversion may be different then percentage calculated by the consideration of actual marks obtained in courses. The percentage based on CGPA conversion shall be mentioned in the final cumulative grade sheet and shall be treated as final and valid value of percentage for all purpose.

Examination Scheme:

End of Semester Exam (EoSE)-70 Marks

Students will have to attempt FIVE questions from two sections.

Section I

Question no. 1 of section I is compulsory. It consists of 10 parts and each part carries 1 mark. Each part must be answered in 50 words.

Section II

In section II, attempt four questions with internal choice from each unit. Each question carries 15 marks.

Continuous Assessment (CA): 30 Marks

(20 Marks for midterm written exam and 10 marks for Presentation/
Quiz/Seminar/Term Paper)

(Students have to answer 2 questions out of 4 in midterm exam)

Program Objectives

The BA-JMC course in Journalism and Mass Communication seeks to provide professional training in the dynamic and rapidly evolving fields of Mass Communication, Journalism, Media Studies, Electronic Media, Advertising, Public Relations, Psephology, and Political Campaigning. Its primary objectives are as follows:

1. Familiarize students with the latest technological advancements in Mass Media.
2. Cultivate a value-based approach to Media Practice.
3. Equip students and scholars with a comprehensive set of theoretical, conceptual, and practical skills to succeed in the Mass Media industry and academia.
4. Empower learners through the development of Communication, Professional, and Life Skills.
5. Provide training in Information Communication Technologies (ICTs), including Digital and Media Literacy and Competencies.
6. Foster a critical understanding of Indian Society, History, Economy, Polity, and International Relations.
7. Instill Professional Ethics and promote Indian and Global Cultural values.
8. Prepare socially responsible Media Academicians, Researchers, and Professionals with a global perspective.
9. Enhance language and communication skills among students.
10. Emphasize the development of critical thinking, professional writing skills, and effective oral communication.
11. Enable learners to create, deliver, and direct media programs for the betterment of society.
12. Cultivate values and attitudes that make students agents of social change and equip them to navigate ethical challenges in Mass Media.
13. Develop learners into competent and efficient professionals ready for the Media & Entertainment Industry.

Program Outcomes (PO)

1. Students will acquire comprehensive knowledge and practical skills in Reporting, Writing, and Multimedia.
2. They will develop a critical understanding of debates and discourse related to Mass Media, Indian Society, History, Polity, Economy, and International Relations.
3. Students will gain professional proficiency in Communication, Promotion, Media Industry, Psephology, and Political Campaigning.
4. They will have a thorough understanding of Media Laws and Ethics.
5. Students will have a strong academic foundation for pursuing advanced studies in Journalism and Mass Communication.

Program Specific Outcomes (PSO)

The undergraduate programme in Mass Communication aims to achieve the following key outcomes:

1. Students will possess a deep understanding of Print, Electronic Media and Advertising and Public Relations, including its fundamental knowledge, theories, and related concepts, enabling them to analyze and apply this knowledge effectively.
2. Students will be competent and well-prepared to undertake professional roles in line with the demands and requirements of the Media Specially Print, Electronic Entertainment and Advertising Industry Public Relations, Marketing and Corporate Communication.
3. Students will empower themselves through the knowledge of journalism and communication, Indian Constitution and Media related laws, knowledge of media organization and culture
4. Students will possess competencies in radio journalism, television journalism and audio visual Production including digital literacy, enabling them to navigate and utilize digital tools effectively.
5. Students will identify areas of research in society, understanding the significance of innovation, entrepreneurship, and incubation in the media field.

These planned outcomes aim to develop well-rounded and skilled graduates who can make meaningful contributions to the field of Mass Communication and thrive in a rapidly evolving media landscape.

L	T	P
5	1	-

Introduction to Communication

Course Objective:

1. To develop the knowledge of basic elements of Communication.
2. To inculcate knowledge of communication models.
3. To introduce students to the theories of Communication.
4. To acquaint students with the various types of Communication.
5. To strengthen the 5Cs of Communication.

Course Outcomes:

1. Students would be able to introduce themselves to the theories of Communication.
2. Students would be able to inculcate knowledge of Communication models.
3. Students would be able to develop the knowledge of basic elements of Communication.
4. Students would be able to acquaint themselves with the various types of Communication.
5. Students would be able to strengthen the 5Cs of Communication.

3- High, 2-Significant, 1-Low

UNIT- I	Nature of Environmental Studies
	The Multidisciplinary nature of environmental studies and Natural resources. Definition; Scope and importance, Need for public awareness Natural resources and associated problems. Forest Resources: Use and Over-exploitation, deforestation, case studies. Timber extraction, mining, dams and their effects on forests and tribal people. Water Resources: Use and over-utilization of surface and ground water, floods, drought, conflicts over water, dams benefits and problems. Mineral resources: Use and exploitation, environmental effects of extracting and using mineral resources, case studies Food resources: World food problems, changes caused by agriculture and overgrazing, effects of modern agriculture, fertilizer-pesticide problems, water logging, salinity, case studies. Energy resources: Growing energy needs, renewable and non-renewable energy sources, use of alternate energy sources, Case studies Land resources: Land as a resource, land degradation, man induced landslides, soil erosion and desertification. Role of an individual in conservation of natural resources; Equitable use of resources for sustainable lifestyles.
UNIT- II	Eco System and Bio Diversity

	Ecosystems, Biodiversity and its Conservation Concept, structure and function of an ecosystem, producers, consumers and decomposers, energy flow in the ecosystem, ecological succession, food chains, food webs and ecological pyramids Introduction, types, characteristic features, structure and function of the following ecosystem: - Forest ecosystem, Grassland ecosystem, Desert ecosystem, Aquatic ecosystems (ponds, streams, lakes, rivers, oceans, estuaries). Biodiversity introduction-Definition: genetic, species and ecosystem diversity Bio-geographical classification of India. Value of biodiversity: consumptive use, productive use, social, ethical, aesthetic and option values, biodiversity at global, national and local levels, India as a mega-diversity nation, Hot-spots of biodiversity. Threats to biodiversity: habitat loss, poaching of wildlife, man-wildlife conflicts, endangered and endemic species of India Conservation of biodiversity: In-situ and Ex-situ conservation of biodiversity
UNIT- III	Pollution and Human Health
	Definitions. Causes, effects and control measures of: (a) Air pollution (b) Water pollution (c) Soil pollution (d) Marine pollution (e) Noise pollution (f) Thermal pollution (g) Nuclear hazards Solid waste Management: Causes, effects and control measures of urban and industrial wastes; Role of an individual in prevention of pollution; Pollution case studies, Disaster management: floods, earthquake, cyclone and landslides. Population growth, variation among nations; Population explosion-Family welfare Programme Environment and human health, Human Rights, Value Education; HIV/AIDS, Women and Child Welfare; Role of information Technology in Environment and human health, Case
UNIT- IV	Sustainable Development and Human Health
	From Unsustainable to Sustainable development. Urban problems related to energy. Water conservation, rain water harvesting, watershed management Resettlement and rehabilitation of people; its problems and concerns. Case studies. Environmental ethics: Issues and possible solutions. Climate change, global warming, acid rain, ozone layer depletion, nuclear accidents and holocaust. Case studies. Wasteland reclamation, Consumerism and waste products Environment Protection Act- Air (Prevention and Control of Pollution) Act, Water (Prevention and Control of Pollution) Act, Wildlife Protection Act.- Forest Conservation Act; Issues involved in enforcement of environmental legislation, Public awareness;

Practical/ Assignment:

- Visit to a local area to document environmental assets river/ forest/ grassland/ hill/ mountain.
- Visit to a local polluted site- Urban/Rural/Industrial/Agricultural.
- Study of common plants, insects, birds.
- Study of simple ecosystems-pond, river, hill slopes, etc.

Photo Journalism

Course Objective:

1. Impart basic concepts and importance of Photography
2. Prepare photo journalist.
3. Encourage self employment.
4. Encourage creative skills
5. Develop interest in photo journalism

Course Outcomes

1. Learner would learn the concepts and importance of photography.
2. Learner would be able to understand photo coverage and photo Journalism .
3. Learner would be to ready to join any media organization as photo Journalist.
4. Learner would know the importance of photo features.
5. Learner would know different branches of photography and may be self employed.

Course Outcome and Program Outcomes

3- High, 2-Significant, 1-Low

UNIT- I	Introduction to Photography
	Introduction and Development of Photography ; Photo Journalism, Development; Role and importance in media; Tools of Photography, types of camera; Traditional and digital camera, Part of Camera, Camera control
UNIT- II	Digital Photography
	Digital Photography: Emergence of Digital technologySelecting Images, Size, and quality, Indoor and Outdoor Photography
UNIT- III	Lighting
	Lighting principles: Role of lighting, Different types of lighting and its uses, Role of subject, quality of photograph, Developing of different size of photograph
UNIT- IV	Caption and Photograph Editing
	Art of Caption writing, Photograph Editing Techniques: Cropping, Enlarging & reducing, Clubbing/Grouping, Colour composition, Filter, length, focus, Shots

Practical/ Assignment:

- Digital portfolio with print
- Nature photography
- Candid photography
- Product photography
- Architecture photography.

Suggested Readings

1. Digital Photography (Hindi) Books – Author Vishnu Priya Singh, Publisher- Computech Publication limited.
2. Digital Photography (Hindi) Hardcover- 2018 by Riyaj Hasan (Author)- Book Enclave, Jaipur.
3. Photography Technics and Uses (Photography Taknik and Pryog) by Narendra Singh Yadav and Published by Rajasthan Hindi Granth Academy.
4. Practical Photography Digital Camera School : The Step-by-step Guide to Taking Great Picture- By Publisher Carlton Books Ltd. (London)

Examination Scheme:**End of Semester Exam (EoSE)-70 Marks**

Students will have to attempt FIVE questions from two sections.

Section I

Question no. 1 of section I is compulsory. It consists of 10 parts and each part carries 1 mark. Each part must be answered in 50 words.

Section II

In section II, attempt four questions with internal choice from each unit. Each question carries 15 marks.

Continuous Assessment (CA): 30 Marks

(20 Marks for midterm written exam and 10 marks for Presentation/ Quiz/Seminar/Term Paper)

(Students have to answer 2 questions out of 4 in midterm exam)

Course Code: HEC6401T

Fundamentals of Animation and Design

Course Objective:

1. To introduce the students with Animation and its concepts.
2. To develop an approach for design and message conveying through Animation and other visual medium.
3. To make the student aware of the power of animation
4. Students will be able to prepare themselves for making videos without camera
5. Students will expand their knowledge about new techniques of animation

Course Outcomes:

1. The student will get a brief of animation history and visual arts forms
2. The student will get knowledge of traditional 2D animation and simple shapes drawings.
3. Students will learn the importance of Drawings for animation
4. Students will get an overview of Designing concepts
5. Students will understand the designing for different industrial needs.

Course Outcome and Program Outcomes

UNIT- I	History of Animation
	What is animation, History of animation, concept of animation and persistence of vision, Introduction to Experimental animation, Orientation into visual art form, Orientation into performing art form, Relevance of message and medium and their relationship,
UNIT- II	Basics of Animation
	The Basics of traditional 2D animation, Introduction to the skill required for the animators, Learning to draw lines, circles, ovals, scribbles, jig jag (random) patterns etc, use of simple shapes. To draw drawings with the help of basic shape
UNIT- III	3D Animation
	An introduction on how the drawings is important for animation, Shapes and forms, About 2D and 3D shapes, Life drawing, Caricaturing-fundamentals, Exaggeration, Silhouette. An introduction of designing concepts. Elements of good design, rhythm, contrast, placement of element, balance, rule of third, optimal use of media etc. Need for design, Concepts and theories of good designing.

42

UNIT- IV	Methods of Designing
	Methods of designing – Exploring, redefining, managing and prototype. Designing for different needs- Designing for industry, designing for visual art (Graphic, web and Animation), Designing for a process, designing for manufacturing and designing for product and service.

Practical/ Assignment:

- Practical work to be given to the students in two part and will be considered as internal practical test 15 marks each

Suggested Readings

1. Experimental animation: an illustrated anthology Robert Russett and Cecile Starr. Da Capo Press,
2. ConceptDesign: Works from Seven Los Angeles, Entertainment Designers, Harold Belker, Steve Burg, Titan Books Limited
3. Creative Illustrations- Andrew Loomis, Editora Bibliomundi Serviços Digitais Ltd
4. The Fundamentals of Animation, By Paul Wells and Samantha Moore, Fair Child Books, Bloomsbury, London
5. Character Animation Fundamentals: Developing Skills for 2D and 3D Character ..., By Steve Roberts, Taylor & Francis
6. Cartooning: Animation 1 with Preston Blair: Learn to animate step by step, Preston Blair, Walter Foster Publishing,
7. Fundamentals of Computer Graphics By Peter Shirley, Michael Ashikhmin, Steve Marschner, CRC Press

AI Tools for Mass Communication

Teaching Learning: Hybrid Mode

Course Objective:

1. To provide students with a foundational understanding of artificial intelligence and its applications in journalism and mass communication.
2. To explore various AI tools and technologies that can enhance reading, writing, reporting, and communication processes in the media industry.
3. To foster critical thinking and ethical awareness regarding the use of AI in media content generation and audience engagement.
4. To equip students with practical skills in utilizing AI-driven tools for efficient news analysis, content creation, and audience interaction.
5. To equip students to cope with the emerging AI-based tools in traditional media, communication, imagery, cinema and internet-based media.

Course Outcomes:

1. Understand the fundamental concepts and principles of artificial intelligence and its relevance to journalism and mass communication.
2. Identify and apply AI tools and technologies for reading, writing, reporting, and communication tasks in the media industry.
3. Evaluate the ethical implications and challenges associated with AI applications in journalism, including bias, privacy, and transparency.
4. Analyze and interpret data using AI-driven algorithms for news analysis, sentiment tracking, and audience engagement.
5. Students will be able to work with the emerging AI-based tools in traditional media, communication, imagery, cinema and internet-based media.

Course Outcome and Program Outcomes

Media Analysis: Tools & Data Management

Course Objective:

1. To draw the importance of media data
2. To impart knowledge of data preparation
3. To impart knowledge about ethical issues related to publishing
4. To prepare students to understand the concept of measurement
5. To sensitize students about Plagiarism and Self-Plagiarism

Course Outcomes:

1. To learn how to analyze data with different tools and techniques.
2. To understand the importance of data analysis and data preparation.
3. To understand the research methods and techniques.
4. To understand the data interpretation and ethical issues.
5. To understand the level of measures required in research
